

## Improve Salesforce engagement and keep focus on the pipeline

### VELOXY OVERVIEW

“I have used *Salesforce* for over 18 years... **Veloxly is the best app by far that I have ever used!**”

Mark Plavchak,  
Account Manager, Truepay

Veloxly makes **inputting new prospects/opportunities/accounts into Salesforce at least 50% faster**, and saves me time during the day.

Sonny Hawkins,  
Account Executive, Comcast

Veloxly Engage lets me **send emails to large groups from my inbox** and provides a closed-loop to ensure **opt-out requests are honored**.

Jay Skinner,  
Bus Dev, bielomatik, Inc.

“Veloxly helps my sales team **be more in tune with their day to day priorities.**”

Doug Six,  
District Sales Manager, US Foods

Nagging Sales to update *Salesforce* and keep the pipeline current, doesn't work.

Veloxly empowers sales teams to get more from *Salesforce* than they put in. It helps reps stay on top of their priorities, log activities and update their pipeline on the go. So sales management get more reliable forecasts and visibility into what drive sales.

#### Veloxly Engage

Amplify email outreach and shrink sales cycles without leaving your corporate email.

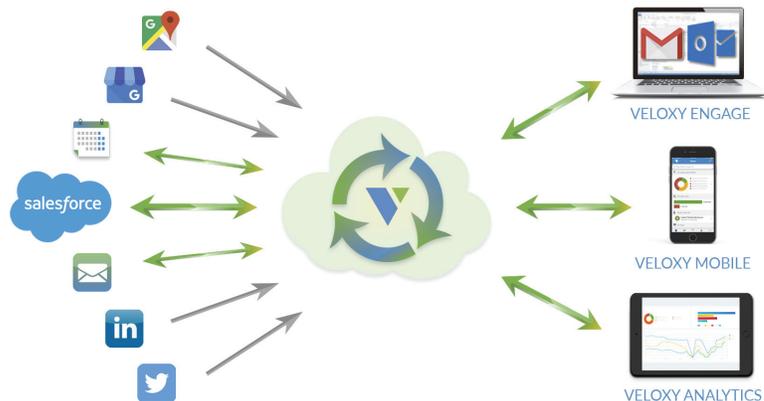

#### Veloxly Mobile

Focus on productive sales activities, while a virtual assistant takes the work out of *Salesforce* updates.

#### Veloxly Analytics

Get forecasts you can trust, and see how the calls, emails and actions of your team drive the pipeline.

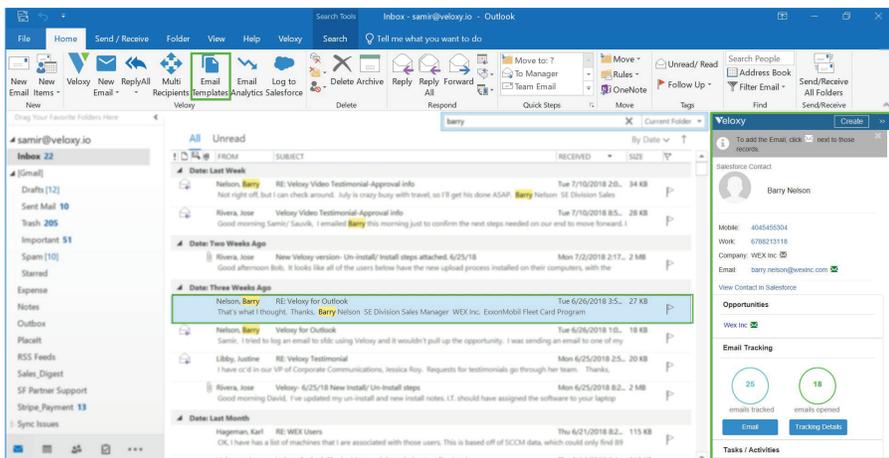

Veloxly pulls data from *Salesforce*, email, calendars and other sources, based on your context.

# THE VELOXY SOLUTION

## Smarter sales tools for *Salesforce* users

**Veloxly Engage** adds *Salesforce* integration, email tracking and analytics, personalized templates and CAN-SPAM compliant bulk email to your inbox. So you can amplify sales outreach with less effort and close deals faster thanks to better engagement visibility.

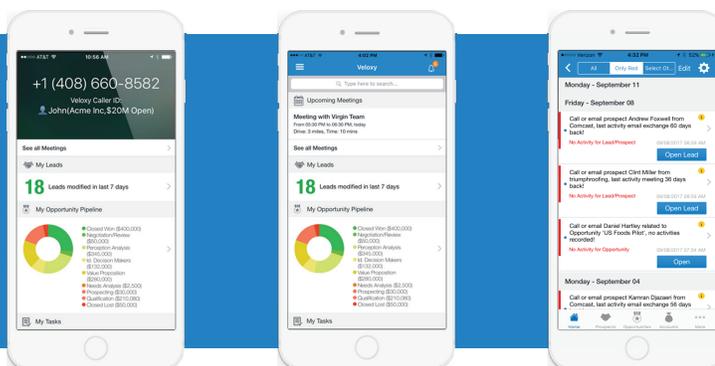

- Manage prospects in Gmail or Outlook
- No need to search in *Salesforce* ever again
- Add prospects or actions with ease
- Set up appointments in seconds
- Get alerts on email opens and replies
- Reach more people with templates
- Follow CAN-SPAM rules, honor opt-outs

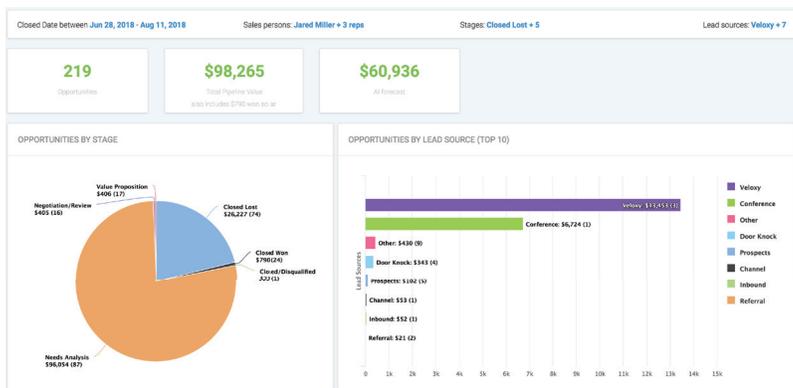

**Veloxly Mobile** helps sales teams reps stay on top of their pipeline. All day long, it feeds them alerts, events and prospect details from *Salesforce*, email, calendars and other sources based on their context and location. So they focus on priority tasks without thinking.

- Never miss priority calls or tasks
- Log your activities on auto-pilot
- Go into meetings better prepared
- Update *Salesforce* on the go
- Be more productive in the field

**Veloxly Analytics** lets sales management answer daily revenue and sales pipeline questions in seconds, and understand how sales activities correlate to performance. It uses AI to remove biases and provide more accurate forecasts you can trust.

- Correlate activities with pipeline
- Compare team member performance
- See current and historical forecasts
- Get a Veloxly-optimized forecast
