

# Rapid 10X Increase in Sales Productivity.

Artificial intelligence, Salesforce automation, and geo-location features help field sales reps quickly increase sales volume.

## CHALLENGES

Spends too much time managing Salesforce records and pipeline.  
Needs to increase selling activity.

## SOLUTION

Veloxly automated Salesforce, enabling field reps to increase selling activity and sales volume.

### FASTER PROSPECTING

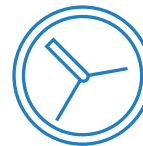

Increased the number of new accounts and prospects by using the geo-location of field reps and clients in real-time.

### SHORTER SALES CYCLES

Empowered field reps with pipeline visibility & engagement analytics to optimize follow-up and land more deals faster.

### TIME SAVINGS

**“ Stop wasting time and get this app!**  
I’ve eliminated 60 - 120 minutes of daily non-selling activities. ”
